PREMIUM TONICS (200ml)

£2.80

Poachers Premium Irish Tonics

The mineral rich spring water from their Wexford well is so good, it's been pilfered and poached since 1825, hence the name. Their citrus was the first of their tonics made by extracting the mineral rich water and sweetening it with sugar beets before adding cinchona bark and other botanicals. Then they blend in Florida orange and Irish rosemary to give it a zesty lift of citrus and herb. The same attention goes into their other flavours.
